## Summary & Objective

As an ambitious, multi-disciplinary young designer it is my goal to create work that is innovative, thought-provoking and meaningful. I strive to find new and powerful solutions to each and every communication challenge that I participate in. The use of time-honored design fundamentals along with current advancements in the industry help me create effective and engaging work, no matter the size of the project.

## Skills & Interests

Fluent in most Adobe products including Illustrator, InDesign, Photoshop and some experience in Flash. Other software knowledge includes Macromedia Dreamweaver, QuarkXpress and the entire MS Office Suite. Other valuable skills include on-press experience which has made me comfortable reviewing press sheets on the floor, making approvals, etc.

I am extremely proud of my experiences abroad and consider traveling one of my greatest sources of inspiration. I have had the opportunity to experience 5 continents and even spend over a year living and studying in Bilbao, Spain where I became fluent in Spanish. I also enjoy reading, drawing and drinking a lot of coffee.
